

FOR YOUR HOME

LED Holiday Lights Incentive Program

Light up the holiday season with energy-efficient LEDs

Special-Incentive Offer – Limited-Time Only

Buy LED (Light Emitting Diode) lights and receive a Borders, Starbucks or Home Depot Gift card. LED lights are an energy-efficient choice for holiday decorative indoor and outdoor lighting.

- Benefits of LED Lights**
- Use one-tenth the energy of the mini-lights and much less energy than larger lights, which use about 50 times more energy.
 - Have an average burn time of over 25,000 hours and are cool to the touch, so as to never be a fire hazard no matter how long they are on.
 - May be used inside or outside.
 - Cannot be easily broken or damaged like the traditional lights.

These lights are available in local hardware and home improvement stores.

How the Program Works

1. Visit our Web site to review program criteria and determine eligibility.
2. Purchase new LED light strings.
3. Complete the [program application](#) (only one application per customer).
4. Complete, print out and sign application, then return it to e-mail or address provided. Include an original or legible copy of your paid sales receipts or invoices, which **must include:**
 - Product’s brand name;
 - Manufacturer model number;
 - Purchase price and date;
 - Quantity of lights purchased; and
 - Product’s efficiency information

LED holiday lights must be purchased between **Oct. 1, 2007, and Dec. 24, 2007**
